A PECULIAR TRICKBolt From a Clear Sky Renders  
Donald Alexander Unconscious  
and Demolishes a Tree

## RESEMBLED BALL OF FIRE

Farm Hands Are Witnesses and See  
Tree Pushed Through a Hog  
House—Victim Will Survive

A bolt of lightning coming from an almost clear sky after the rain of late yesterday afternoon, played a peculiar trick on the farm of W. A. Alexander, just northwest of this city, when Donald Alexander escaped with a severe shock that rendered him unconscious.

The heavy rain and dark clouds had passed, and Donald Alexander, son of Mr. and Mrs. W. A. Alexander, was taking three horses that he had been using in the field, toward a large barn, and without warning, a bolt resembling fire, struck a locust tree within 200 feet of him and the horses, the lightning rendering him unconscious, and causing the horses to run away.

The tree was reduced to splinters, and the trunk of it was pitched forcibly through a large hog house that was four feet from the tree. The tree trunk was imbedded in the hog house through two sides.

Several farm hands were standing in a barn that was a quarter of a mile away, and witnessed the bolt, and said that it resembled a ball of fire, and when it struck the tree, small balls of fire rolled around on the ground, and a leak in a gas pipe 100 feet away, was ignited.

The workmen standing in the barn, were also shocked and stunned, and when they realized what had happened they expected to find the young man killed.

It required only a few minutes to revive Mr. Alexander but the shock was so severe that he was compelled to remain in bed today as the result of the bolt.

Mr. Alexander considers himself lucky, as the tree was within 40 feet of one of his large barns, and when the gas became ignited, the pasture was filled with smoke, and neighbors thought that the barn had been fired.

The most severe part of the storm had passed, and there was very little lightning in the storm, and there was no cause for any alarm when Mr. Alexander started toward the barn with the horses. The heavy downpour had ceased, and had made the ground too wet for further plowing, and he was in the act of quitting work for the day.

Mr. Alexander's condition is not considered serious, but it will probably take several days for the shock to pass.

AGED WOMAN EXPIRES  
AFTER LONG ILLNESSMrs. Martha Leisure, 79 Years Old,  
Expires at Her Home Near  
Henderson From Complication

## WILL BE BURIED TOMORROW

Mrs. Martha Leisure, age 79 years, died yesterday morning about 8:30 at her home near Henderson, following a long illness of kidney trouble and a complication of diseases. About two weeks ago she fell at her home and broke her hip, since that time she has been failing in health until her death.

She spent her entire life in Rush county, the latter part of which was spent on the Leisure farm near Henderson.

She is survived by three sons, Frank, Marion and Charles, all of this county, and by three brothers, John Souders of Kennard, Ind., Noah Souders of Middletown, Ind., and James Souders of Greenfield.

The funeral services will be held Wednesday afternoon at two o'clock at the Hannigan Christian church near Henderson and burial will take place at the Center cemetery. The Rev. Mr. Hawthorne will have charge of the services.

QUARTET WILL APPEAR  
IN COURT TONIGHTFour Young People Arrested Sunday  
Night For Shooting Fire Crackers  
Will Be Given a Hearing

## NO STATE CHARGES ARE FILED

The four young people, Ernest Stevens, George Stevens, Howard Ash and his sister Goldie Ash, who were arrested late Sunday night after giving the police a chase will be arraigned tonight at seven o'clock in police court, at which time it is expected several charges will be played against them.

They were told to report yesterday afternoon at four o'clock, but it was found best to hold the case over until tonight. The four people, all of whom are between the ages of 16 and 19, were causing a disturbance Sunday night in the business district, according to the police, and were firing shooting crackers. Patrolman Post gave chase on an automobile, and was injured while making the arrest.

Prosecutor Stevens stated today that they will be tried in city ordinance and as far as he knew they had not violated a state ordinance. The city ordinance which they violated, according to the policeman, was the shooting of fire crackers. It might also develop that he will file charges of speeding and of resisting an officer.

RAILROAD STRIKE  
IS NOW CLEARINGOfficials and Secretary Cane Reach  
a Decision and Plans Are Now  
Before Wilson

## NO DETAILS ARE GIVEN OUT

(By United Press.)

Washington, June 22.—The railroad strike situation has been placed before President Wilson by John Barton Cane, secretary of interior, it was learned today.

Cane who was designated to become director general of railroads on the resignation of Walker D. Hines, had a meeting with the railroad brotherhood officials late yesterday when the present labor situation was thoroughly gone over.

After the meeting Cane wrote a letter to President Wilson setting forth the results of the conference, it was stated at the White House.

Cane refused to give out details of his report but said it would be read to the cabinet meeting this afternoon.

"The situation is rapidly clearing," he said.

## MAY BE CALLED MONDAY

Governor Silent on Calling Special  
Session of Legislature

(By United Press.)

Indianapolis, Ind., June 22.—Governor Goodrich was still silent today regarding the date of the coming special session of the legislature. That it will be called for next Monday however was the general supposition. Members of the public service commission hearing the petition of the Indiana Bell Telephone company for increased rates in 30 exchanges were informed today that they could not use the chamber of the house of representatives tomorrow for the hearing.

Workers will be started immediately preparing the chamber for the special session they were informed. The session will be called to appropriate money for the state institutions and it is thought it will be prolonged to give members an opportunity to present measures covering some of their favorite subjects.

MRS. ANDREW KUHN  
COMMITTS SUICIDEOrange-Township Woman, Temporarily  
Insane, Shoots Herself  
Through the Brain

## FUNERAL IS HELD TODAY

Life Is Taken on Veranda of Her  
Home and Husband Hears Shot  
From Their Garage

Funeral services were conducted this afternoon at two-thirty for Mrs. Deloris Kuhn, living in the southwestern part of the county, who committed suicide Sunday afternoon by shooting herself through the head with a rifle.

Temporary insanity and despondency over an extended illness, incited the suicide, is the belief of relatives. Her husband, Andrew Kuhn, had just gone to the garage for his automobile, when his wife fired the shot, while standing on the veranda of their home. They live a few miles south of Manilla, and were preparing to go to Manilla to spend the afternoon with relatives.

It is understood that Mrs. Kuhn had made five attempts before to take her life, and the family was watching her closely for any future attempt. The rifle, which she secured, had a patented lock and Mr. Kuhn did not know that his wife knew how to get it unlocked.

Mrs. Kuhn died instantly from a bullet wound that penetrated her skull directly above the right eye, and after hearing the shot, Mr. Kuhn ran back to the house, only to find her lying dead on the veranda floor.

No note was left, and it is supposed that she became violently insane at once, which prompted her to take her life.

The deceased was 34 years old, and is survived by her parents, Mr. and Mrs. George Fuchs, of Union township, Shelby county, and her body was removed to their home late Sunday night, where the funeral services were held.

Besides the parents and husband, she is survived by three sisters, Mrs. J. Walther Haehl, Mrs. Harry Vaughn, Mrs. Robert Kuhn, all of Shelby county; one brother, Scott Fuchs also of Shelby county.

County coroner J. M. Lee of this city was called Sunday, and yesterday held the inquest.

LOS ANGELES SHAKEN  
BY AN EARTHQUAKEConsiderable Property Damage Results  
Along the Coast—Ingle-  
wood Is Destroyed

## LOS ANGELES ALSO SUFFERS

Los Angeles, June 22.—A survey today of the damage done by an earthquake last night indicated that Inglewood, ten miles southwest of here, suffered much more severely than was at first reported.

Twenty-one business buildings in the town were practically destroyed. The town was deprived of light and gas, and scores of dwellings were seriously damaged.

Many plate glass windows in Los Angeles were shattered by the shock. Several buildings were otherwise injured, and persons were struck by bricks shaken from chimneys. San Pedro, Long Beach, Santa Monica and Venice also reported minor damages.

The death of Mrs. William Shipley of Los Angeles, at Venice, a beach resort was attributed to the earthquake. She jumped from an automobile, following the tremor, and fell dead of heart disease.

## RIOTING CONTINUES.

(By United Press.)

Londonderry, Ireland, June 22.—Three Sinn Feiners were shot, one of them dangerously wounded, when sniping was resumed here today. Troops continued patrolling the streets, but they were unable to curb the snipers. Two thousand troops sent from Curragh have not yet arrived here.

WILL HAVE SIXTY  
PER CENT. CROPFarmers Expecting Wheat to Turn  
Out Better Than Was Expected  
Earlier in The Season

## CROP IS SOMEWHAT LATE

But it is Expected That Cutting Will  
Begin Within Two Weeks—Car  
Shortage is Serious

Rush county will have a sixty per cent wheat production this season in spite of predictions made a few weeks ago that the yield would not be one-fourth of a crop. Farmers say that the wheat possibilities have been wonderfully improved in the last ten days.

If recent rains have been inductive to the growth of the crop they have also, but perhaps not in corresponding measure, revealed that there are some formidable enemies to the Rush county wheat crop this year. No small quantity of the crop is damaged by the Hessian fly and joint worms. Farmers say that it is too early to estimate the full extent of damage by these pests, the most prevalent of which is the fly. The wheat that was sown last fall was infested from the early sown. This demonstrates the necessity, farmers say, of late sowing next fall and this they believe, will in large measures eliminate the probabilities of damage.

There is one other wheat enemy which has begun to make appearance in some localities and this is the loose smut which is less prevalent this year than last when about eight per cent of the wheat is estimated to have been destroyed by the common pest. The percentage will be much lower this year from that particular pest farmers say.

Wheat is ripening fast and perhaps will be ready for cutting within the next two weeks. Last year some of the farmers in Rush county were threshing their wheat by July 2. However, it is hardly expected that it will be so early this year as the wheat crop is somewhat late.

The farmers in the county are getting their work in shape so as to be ready to get into the wheat harvest as soon as the right time presents itself. Threshing machine owners in the county are getting their equipment in good condition for the rush season.

There is much concern among the farmers on account of the ear shortage, and as the elevators are soon filled in this part of the state, it will mean that the farmers will have to store much of their grain in their own barns, and await suitable conditions before selling it.

On the eve of the harvest, another important thing faces the threshmen, which is the shortage of coal and the extreme high price that must be paid for it. Without coal, the danger is much greater than the inadequate shipping facilities, as the grain must be harvested when ripe, and cannot wait in the fields until the coal arrives.

The Rush county Threshermen's Association has a membership of between 60 and 65, which means that there are that many machines in the county, ready to take care of the wheat.

## TELLS OF FINANCIAL BASIS

President Bloom of Bell System  
Testified Before Service Commission

(By United Press.)

Indianapolis, Ind., June 22.—Approximately 99 percent of the Indiana Bell Telephone Company's stock is owned by the American Telephone and Telegraph Company, according to the testimony of E. S. Bloom, president of the Indiana Bell Company at today's hearing on the petitions of that company for higher rates before the public service commission.

Bloom said also that the company was valuing its depreciation from their books at 6 percent whereas the commission in the ruling of February 9 ruled that the depreciation should be valued at five percent.

THREE YEAR OLD BABY  
FIGURES IN RUNAWAYFrances, Daughter of Mr. and Mrs.  
Walter Jackson, in Buggy With  
Horse Running Away

## CHILD UNHURT IN ACCIDENT.

A horse hitched to a buggy belonging to James Cassidy, living northwest of Homer, made a wild dash through the streets of Homer late yesterday afternoon, with Frances Jackson the three year old baby girl of Mr. and Mrs. Walter Jackson riding in the seat of the buggy, and before the animal could be stopped it had upset the buggy and pinned the baby underneath, the child escaping any serious injury.

Mr. and Mrs. Cassidy and family came to Homer yesterday afternoon, and were in the barn lot at the home of Walter Jackson, who lives at the southwest edge of the town, and his little baby was in the seat of the buggy. The horse became frightened when part of the harness was taken off of it, and it then made a dash for liberty.

On crossing the railroad tracks at Homer the buggy, which was being carried by the horse with only one strap, broke loose, and upset. It was expected that the child would be seriously injured, but it was found that she was only badly frightened.

A CROSS COMPLAINTGus Ryce, Defendant, Asks \$500  
Damages From Julius Doty on a  
Case Sent Here From Decatur

## ANOTHER CASE IS DISMISSED

The case filed recently by E. R. Tittsworth against Jesse Vandiver, on a complaint and affidavit of attachment and garnishment, was dismissed this morning in circuit court, and the costs paid.

A cross complaint was filed this morning by the defendant in the case of Julius Doty against Gus Ryce, and on the cross complaint the defendant demands judgment in the sum of \$500.

The case was sent here last week from the Decatur circuit court on a change of venue, and the action of the plaintiff is for possession and damages in the sum of \$100. The defendant in his cross complaint sets out that while paying rent on the building involved, he also paved money for expenses on the upkeep of it. The building involved in the suit, is for possession of the basement of the DeArmond hotel building in Greensburg.

She asks for the custody of their child, and also desires that the court make provision for the husband to pay support money.

BISHOP LEETE TO  
BE AT CONFERENCEConnersville District of the M. E.  
Church to Hold Two Day Con-  
ference at Manilla

## GOOD PROGRAM PREPARED

Purpose of Meeting is to Extend  
Greetings to the New Bishop  
of Indiana Conference

In order to extend their hearty greetings to Bishop Leete, who was given charge of the Indiana episcopacy area at the general conference of the Methodist Episcopal church this spring, the Connersville district of the Indiana conference will hold a district conference at the Manilla M. E. church July 6 and 7.

An excellent program has been prepared for the two day meeting and it has been so arranged that the delegates from the different churches of the district may come in the cool of the morning and return in the cool of the evening.

The opening session of the program will begin at 10 o'clock on Tuesday morning, July 6 and the address will be delivered by Edwin H. Boldrey. The afternoon program will be given over to organization and business which may come up before the conference. At 3:30 p. m. the Rev. Clyde S. Black, pastor of the St. Paul's M. E. church of this city will conduct a round table discussion on "The Status of the Centenary in Our Charges," which will be followed by an address on "Is the Lignor Traffic Dead?" by E. S. Shumaker, of Indianapolis. The evening session will be devoted to a laymen's meeting presided over by C. C. Hull, of Connersville.

The Wednesday morning address will be delivered by J. W. Dammann of Indianapolis on "Our Conference Claimants" and also during the morning session the election of the trustees for the district parsonage will take place.

The afternoon session will be a meeting of rural pastors and laymen, the Rev. F. T. Taylor of Greenwood presiding, during which an address will be given by Prof. Oakel P. Hall, of Purdue University. At the same time of the meeting of the rural pastors, the pastors and laymen of Shelbyville and Connersville will meet to discuss the church and industrial situation, with E. A. Dougherty, presiding. The county agents are especially invited to attend the rural conference of the pastors on this afternoon.

The closing session of the district meeting will start at 6:45 p. m. when the pastors and delegates will visit all the sick of the community. At 7:45 the song service and devotions will be held and a solo will be rendered by Rev. C. S. Black of this city. The Rev. J. W. McFall, D. D. of Connersville, will extend the greetings to Bishop Leete. Following the Rev. McFall's talk Bishop Frederick Deland Leete, D. D. LL. D. will deliver a sermon.

The Rev. J. S. Godwin, urgently requests that all pastors of the district notify him as to who and how many will attend from their charges, especially if they expect entertainment over night, so that arrangements may be provided for them.

It is also urged that there be no misunderstanding or carelessness with regard to the presence of candidates for license to preach, for orders, or for admission to the Annual Conference. Each candidate must be present unless specifically excused.

## \$500,000 DAMAGE AT MUNCIE

(By United Press.)

Muncie, Ind., June 22.—Wrecking crews on the Chesapeake and Ohio railroads were today clearing the wreckage of 28 freight cars and repairing 1,000 feet of track five miles northwest of this city as the result of a wreck late last night, which with the fire that broke out in cars of merchandise, caused a loss estimated at \$500,000. Members of the freight crew escaped injury. The locomotive of the train safely crossed the switch, but the first car broke loose, racing 800 feet down the track before plunging over the embankment.

## BIG CLASS IS INITIATED

14 Candidates Are Given Work Last Night in P. O. S. of A.

The Patriotic Order Sons of America class initiation was a grand success last evening, when the degree work was conferred on fourteen candidates, by the team from Crawfordsville, representing one of the strongest camps in Indiana, at the P. O. S. of A. hall here.

E. Blackburn, national organizer for the order, who is in Rushville this week building up the local camp, was highly elated over the re-

sults of the meeting. Mr. Blackburn is also working to increase the membership of the order at Connersville and Glenwood.

After stirring remarks from the State President Huff, of Indianapolis, and the State Secretary Rice, who were present for the meeting, a luncheon was served.

## FRENCH HEELS FOR PUMPS UP IN PRICE

Investigation Showed Loungers Were Selling Six Artificial Cherries or One Heel.

### EFFORTS OF WHISKEY RUNNERS

(By United Press.)

Mobile, Ala., June 22.—French heels for milady's dancing pumps have gone up in price, also in height. Artificial fruit for the adornment of the chapeaux for the fair sex are much sought by men.

Why? Thereby hangs the tale of the latest efforts of whiskey runners to evade the prohibition blockade.

It all became known when a group of loungers in the park became hilarious. Investigation showed they had two large paper sacks—one filled with metal heels for women's shoes and the other with artificial cherries.

The heels were fully three inches in height and the cherries were large enough to furnish about half a swallow each. Six cherries or one heel—that's how they sold.

Look to the human wrecks about us; to about their indigestion how they blow; And lay the blame on Coffee, crystal clear, Or say the Crisp Hot Muffin is their Fate!—Myrtle Reed.

### Breakfast Meats.

For those who enjoy something for breakfast rather than the popular bacon or ham, the following dishes will be suggestive:

### Corned Beef Hash a la Delmonico.

Take equal parts of cold corned beef and cooked potatoes; cut fine; season with onion, salt and a little butter; add pepper and chopped green pepper; spread the hot hash on thinly sliced toasted bread; slip a poached egg on each and serve sprinkled with salt and paprika and minced parsley.

### Sunshine Cake.

Take the whites of eight eggs, the yolks of six, one cupful of sugar, one cupful of flour, salt, vanilla and one teaspoonful of cream of tartar. Beat the whites until frothy, then add half of the cream of tartar and finish beating. Add the sugar gradually, beat about five minutes, add yolks and fold in the flour. Bake in a slow oven 40 minutes.

### Beef Balls.

Put one-half cupful of milk and two tablespoonfuls of butter in the frying pan; when it boils add one cupful of mashed potatoes, one cupful of chopped beef, salt, pepper and a well-beaten egg; stir and remove from the fire. Let cool, and when stiff shape into cakes; egg and crumb them when well chilled, then fry in hot fat for three minutes.

### Fried Beef.

Take very thinly cut dried beef, cover with cold water to which a pinch of soda has been added, and bring gradually to the boiling point. Drain; add a lump of butter and cook until the edges of the beef curl. Serve on slices of buttered toast with poached eggs laid over the beef.

### Calf's Brains.

Soak the brains in cold water, par-boil; remove all membranes; throw into cold water, drain, wipe and chill. Dip in melted butter and broil. Serve with melted butter and lemon juice, garnished with parsley.

### Parsley a la Creme.

Fry bacon as usual, crisp and brown. Place on a platter in the oven. Make a cream sauce, using the bacon fat instead of butter. Pour over the bacon, sprinkle with minced parsley and serve at once.

### Ham Toast.

Take half a cupful of cooked ham, finely minced; add half a teaspoonful of anchovy paste, a bit of cayenne and mace. Add one-half cupful of milk and an egg, well beaten. Stir until thick; take from the fire and spread on dry buttered toast. A poached egg may be placed on each if desired.

## MARINES TO RELIEVE THE HOUSING SHORTAGE

Marines Adopt the Slogan "Build Your Own Home" and Have Built a Model Cottage

### SUPERVISED BY LIEUT. KLOS

Quantico, Va., June 22.—The slogan "Build Your Own Home" has superseded the old "Let's Go" of the A. E. F., with the versatile students of the Marine Corps Institute here who are doing their bit to meet the housing shortage of the nation.

A model two-story cottage with its living, dining and bedrooms, kitchenette and bath is being erected by Marines who have selected the "building foreman course," under the supervision of Lieut. Stanley Klos, a product of the prairie country. For purpose of instruction half of the model cottage will be left in fragment to show the building details. Planning and wiring will be indicated throughout. The interior will show two forms of stairs construction. The cottage will be weather-boarded and the roof shingled.

## Just Folks

### A PATRIOTIC CREED.

To serve my country day by day  
At my humble post I may;  
To honor and respect her Flag;  
To live the traits of which I brag;  
To be American in deed  
As well as in my printed creed.

To stand for truth and honest toil.  
To fill my little patch of soil  
And keep in mind the debt I owe  
To them who died that I might know  
My country, prosperous and free,  
And passed this heritage to me.

I must always in trouble's hour  
Be guided by the men in power;  
For God and country I must live,  
My best for God and country give;  
No act of mine that men may scan  
Must shame the name American.

To do my best and play my part,  
American in mind and heart;  
To serve the flag and bravely stand  
To guard the glory of my land;  
To be American in deed,  
God grant me strength to keep this creed.

## Twenty Years Of Experience Taught Merit

Nurse Praises Trutona Because She Knows it to be Worthy of Her Recommendation

Muncie, Ind., June 21.—"I'd never recommend Trutona to the hundreds who know me if I wasn't thoroughly satisfied of its merits," says Mrs. Julia Crver, a well-known Muncie nurse, who lives at 1523 South Franklin Street.

"I began using Trutona after I had suffered for ten years from indigestion. I had previously tried numberless medicines, but none of them helped me. Gas would form in my stomach after meals, and I'd always feel bloated. I had to take a laxative every day or so."

"I could tell Trutona was helping me after the first few doses. Now, no matter what I eat, I'm not bothered with the gas formations or the bloating, and I don't have to use laxatives any more. My kidneys have ceased to bother me at night, too."

"I have been nursing the sick for the past twenty years, and I know the effect of a medicine on a person. By this fact I know I'm safe in recommending Trutona to my hundreds of friends. The Perfect Tonic is certainly well worthy of my unstinted praise."

Trutona is sold in Rushville at unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. Trutona has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. (Adv.)

**COST OF PRODUCING WHEAT ANNOUNCED**

**1919 Crop Showed an Average of \$2.15 a Bushel For Each Farmer in the United States.**

**SURVEY INCLUDES 481 FARMS**

**Of This Number Only Two Showed Dollar Wheat While 20 Went Over \$5.00 Mark.**

The cost of producing wheat of the 1919 crop was as low as one dollar a bushel on just two farms out of 481 included in the cost of production study just completed by the United States department of agriculture. On 20 farms it was \$5 or over. The bulk of the farms produced wheat at a cost somewhat less than midway between these two extremes. The average cost per bushel for all farms was \$2.15. At such a price, half the farmers in question would have lost money on their wheat.

Fourteen representative districts in the wheat belt were visited by the field men of the office of farm management in making this investigation, a preliminary report of which has just been issued. Nine winter wheat areas were surveyed in Kansas, Nebraska and Missouri, and five spring wheat areas in Minnesota, North Dakota and South Dakota. For winter wheat 284 records were taken, for spring wheat 197.

In the winter wheat areas costs ranged from \$1 a bushel for two farms to \$8.20 on one farm. The average cost was \$1.87. If the price received had been \$1.87 more than half of these winter wheat growers

would have produced wheat at a loss.

In the spring wheat areas the average cost was much higher—\$2.65—the range running from \$4.10 for one farm to \$5 or over for 17 farms. If the price received had equaled the average cost, between 50 and 55 per cent of these spring wheat growers would have failed to break even.

Yields averaged 14.9 bushels per acre for the winter wheat farms, and 8.4 bushels for the spring wheat farms, and the cost per acre \$27.80 for winter wheat, as against \$22.40 for spring wheat.

Department specialists, in cost of production studies, point out in this connection that, for the farms covered in this investigation, the so-called "necessary price"—that is, the price necessary to give the producer a fair degree of certainty of making a profit—would be found at level above that of the average cost of production. For example, to allow a profit on 80 per cent of the wheat produced on the farms covered by this study, the price would have to be about \$2.60, as compared with an average cost of \$2.15. At a price covering the average cost plus 10 per cent, 75 per cent of the crop would be covered, but 40 per cent of the growers would still fail to break even.

**St. John's Writings.**

There is satisfactory evidence that St. John, the beloved brother of James and son of Zebedee, was the author of the Gospel, Epistles and Revelations ascribed to him. The Revelations were written during his exile on the island of Patmos; the Gospel and Epistles after his return under amnesty to Ephesus, where he was superior of the churches.

**Last Night's Dreams**  
—What They Mean

**DID YOU DREAM OF TREES?**

"I **M**ETHOUGHT that I had wandered far in an old wood," says Tennyson in his "Dream of Fair Women," and Dante begins his wonderful dream of hell in the "Divine Comedy" with "In the midway of this mortal life I found me in a gloomy wood astray."

To dream of trees, or of being in a wood, is a very common occurrence to many people while to others such dreams are extremely rare. Freud in his dream theory has what he calls a "dream censor" and many, if not most, of the other scientific investigators accept the Freudian theory in this respect. The theory is that when we leave our days of early childhood, which are entirely "amoral," we begin to accumulate a sense of shame, morals, proprieties, conventions, etc., which sense becomes woven into our conscious being. Even in sleep this sense is strong enough to assert itself and so acts as a check upon the more daring processes of the dream thought which, in order to get what it wants to express past the censor, is obliged to make use of symbolism. This may be true but if so we all, even the best of us, have had dreams in which the censor was evidently on strike or asleep at the switch. A dream of trees or woods would seem innocent enough but the extremists would explain it as something "put over" on the censor.

With the mystics this dream is one of the oldest and most widespread of prophetic visions. With certain modifications it is held to be a most auspicious omen to dream of trees. If they are in leaf or flower success in life, a happy marriage and many children await you. If already married look for success in business. If a sailor you may expect a good voyage. If you climb a dream-tree you will go far on the upward road, and if you pick fruit from one you will receive a legacy. But it is bad luck to cut down dream trees or to see them leafless or blasted.

**"The Deemster" at the Mystic.**

Hall Caine's drama, "The Deemster," will be the feature tonight at the Mystic and the author's son, Derwent, will have the leading role. The picture is said to be exceptionally good.

William Russell is coming to the Mystic Theatre on Wednesday in a rollicking romance, "Leave It to Me," that is said to possess exceptional entertainment value. The Fox star is a screen favorite with all lovers of manly characters.

This photoplay, according to those who have seen it, is jammed with tense situations and contains a sparkling humor that makes it a well-balanced picture. It is from the pen of Arthur Jackson and has been staged under direction of Emmet J. Flynn, who has many Fox triumphs to his credit.

The story is set in a town environment, and brings into collision extremes of the social scale—members of local "society" and leaders of the underworld.

**Stella Talbot at the Princess**

"The Price of Innocence," with Stella Talbot in the role of Mary Aldron, a squatter girl, will be presented at the Princess Theatre today. The story of the production pictures squatter life on "Goose Island," and visualizes their tragic attempts to preserve the only abodes they know from the efforts of a wealthy young land owner to drive them from their homes. Miss Talbot, as Mary Aldron, enacts a strong emotional part in preventing the plan to dispossess her people, but at the cost of their confidence and belief in her.

The program tomorrow will be "Choosing a Wife," which is a story of a typical man and a typical maid. Wallace Reid will be the headliner at the Princess on Thursday and Friday, when he appears, in "Excuse My Dust".

The Orange Christian church Sunday school will give an ice cream social Friday night, in Orange.

## Soldiers Bonuses

Former service men who are disappointed because the last session of the congress did not enact any soldier bonus legislation may congratulate themselves on the fact that they so far have received much better treatment from the hands of their government than did the soldiers of any other war ever fought by the United States.

This question has aroused much discussion has been, the subject of many speeches in congress and has caused both adverse and favorable newspaper comment. It is a problem of supreme importance to the people of the country since it is upon them that the burden of providing the money will fall, either as a present tax upon sales or profits, or as a future levy on the redemption of bonus bonds. In the light of these facts, it would not be out of place to compare the way the United States treated its civil war veterans with the way the World War veterans have been served.

At the close of the Civil War the national debt was about \$2,775,000,000 or \$80 per capita.

The present national debt is about \$24,700,000,000 or \$225 per capita.

In the Civil War there were about 2,800,000 Union soldiers.

In the World War there were about 4,800,000 Americans.

In the Civil War the base pay of a private was about \$13.

In the World War the base pay of a private was \$30.

In the Civil War there was no service bonus paid.

In the World War there has been a bonus of \$60 paid.

In the second year after the Civil War we paid out a total of \$21,000,000 for pensions, hospital treatment, and administration for the veterans; in the twenty-fourth year, \$92,000,000; and last year \$223,000,000.

In the second year after the Civil War we paid in soldier benefits an average of \$7.50 per soldier, or about 60 cents per capital of population.

In the second year after the World War we will be paying in soldier benefits, exclusive of any contemplated bonus, an average of \$95.50 per soldier, or over \$4 per capital of population.

For the present fiscal year and for 1921, the amounts to be expended in behalf of the world war veterans will be approximately as follows:

Compensation for death, disability, hospital care etc., \$135,000,000 this year and \$197,865,000 next year.

Family allowances for the present fiscal year, \$48,000,000.

Regional offices in 1921, \$1,250,000.

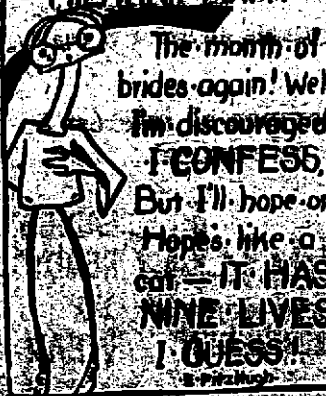

Administration of the war risk bureau, \$15,852,806 for this year and \$20,324,400 for next year.

Vocational education, \$35,000,000 this year and \$125,000,000 next year.

Hospital construction, \$9,950,000 this year and \$81,000,000 next year.

Care of hospital patients, \$17,166,187 this year and \$40,000,000 in 1921, making a total expenditure of \$263,968,993 during 1920 and \$458,440,000 estimated for 1921.

## N. D. Baker Secretary of War. Is Mentioned as a Candidate

Newton Diehl Baker was one of the few Secretaries of War who had a full opportunity to live up to his title. His jump from municipal to national political limelight came at an opportune moment and enabled him to dig a niche in the political wall of fame which must needs be inspected by the delegates of the San Francisco national democratic convention.

Baker was born at Martinsburg, W. Va., December 3, 1871. He went through the village school and prepared for Johns Hopkins University in the Episcopal high school in Martinsburg. Following graduation from the university in 1892 he studied law at Washington-Lee University.

First appearance in public life was in 1896, when he was brought to Washington by Postmaster-General Wilson, to act in a secretarial capacity. At the close of Grover Cleveland's second administration, Baker returned to Martinsburg to resume the practice of law and two years later he went to Cleveland.

The start of Baker's rise in the political world came in an argument with Judge Martin A. Foran of Cleveland while the two were returning from a trip to Europe, just before Baker's coming to Cleveland. Foran, who was high in the political councils of the famous Mayor Tom L. Johnson, was so impressed with Baker's logic and ability to argue, that he induced him to throw in his fortunes with the Ohio metropolis.

Foran, knowing of Johnson's interest in promising young men, introduced Baker and the mayor immediately promised to find him a place in the city hall. He named Baker first assistant city solicitor on January 1, 1903, and thus paved the way for the West Virginian's rapid rise in public life.

With the resignation of the law director, Baker took command of the department and held it for three consecutive terms. The office was elective and Baker's success at the polls testified to his great popularity with the people. He was the only Democrat to survive the landslide of Republican votes which in 1909 buried even the great Tom L. himself.

As right-hand man to Johnson, Baker bore the brunt of many of the old warrior's battles. The young city official acquitted himself particularly well in the traction war, around which Johnson's turbulent career centered. A strong personal attachment sprang up between the two. Baker was openly moved to tears by the news of Johnson's death.

When Baker jumped into the mayoralty campaign of 1911, his platform consisted of the principal planks of Johnson's platform and he made no secret of his intentions of "carrying on" to the municipal ownership goal sought by Johnson. Aided by a revival of the Johnson popularity and his own brilliant oratory and expert political maneuvering, Baker was swept into office by the largest majority given a mayor up to that time.

He served from 1912 to 1914 and was re-elected to a second term. On March 7, 1916, Baker was appointed Secretary of War by President Wilson.

Baker is small, dark and quick of action. He was rather youthful in appearance when he was running for his first term as mayor and at least on one occasion this youthfulness proved embarrassing. An influential citizen entered his office one day and asked to see Baker. He stepped forward and said "I'm Baker."

"Well," he replied, "my boy, your father is running for mayor and I'd like to do something for him."

Baker's personal following in Cleveland is great. In the days when he dominated the city hall, he carried a warm friendly smile and a firm handshake. In Cleveland they know him best as he was before the trying days of the war. Today his face is rather grim and stern. The four years of his labors as Secretary of War have left their ineffaceable traces along his eyes mouth and the set of his jaw.

Despite his ramified activities, Baker always finds time to read. His voracity for the classics and good modern literature, including practically every branch of knowledge, is so great that he has been known to deny himself sleep in order to read. Baker is credited with knowledge of literature surpassing that of many professors of that branch of learning in the universities.

As mayor of Cleveland, Baker was a strong advocate of municipal ownership. He believed it would redound to the benefit of the municipality to conduct its own utilities, even if financial loss was suffered in the operation. The gain, he felt, would be made in the honesty of the public servants, who would escape the temptation of favoring private corporations for gain. One writer characterized Baker's ideas on municipal ownership as "semi-socialistic."

Baker was married July 3, 1902, to Miss Elizabeth Leopold, Pottstown, Pa. They have three children. The Bakers have a town home in Cleveland and a country home in Dover, O. Comparatively little time has been spent by the family in Cleveland since Baker took his portfolio in the cabinet.

Baker is descended on his father's side from German stock and on his mother's side from Irish parents. His great-grandparents were born in the United States.

He is a member of the Phi Gamma Delta fraternity, the Union, University and City clubs and Chamber of Commerce of Cleveland; and the Army and Navy, Cosmos and University clubs of Washington.

## Value of Youthful Thinking.

We are learning that the fabled foundation of youth lies in ourselves; in our own mentality. Perpetual rejuvenation and renewal are possible through right thinking. We look as old as we think and feel, because thought and feeling maintain or change our appearance in exact accordance with their persistence or their variations. It is impossible to appear youthful and remain young unless we feel young. Youthful thinking should be a life habit. —Orison Swett Marden in Chicago Daily News.

## 90,000 SHRINERS AND FRIENDS INVADE ORE.

The Forty Sixth Annual Session of The Order of the Mystic Shrine Opened in Portland Today

### TO HOLD A THREE DAY MEET

(By United Press.)  
Portland, Ore., June 22.—With 81 patrols and 77 bands in attendance, the forty-sixth annual session of the Order of the Mystic Shrine opened in Portland today.

The three-day program was officially begun with a parade this morning. Led by Noble George L. Baker, mayor of Portland, it escorted Imperial Potentate W. Freeland Kendrick of Philadelphia, the Imperial Divan and Imperial Representatives to the city auditorium, where the Imperial Council convened at 10 o'clock. The address of welcome on behalf of Oregon was made by Noble Ben W. Olcott, governor of Oregon.

The three days will be full of entertainment for the thousands of Shriners and other visitors, estimated at 90,000.

Bands played all day. Umatilla Indians, in their tribal dances, were revelations to many eastern visitors many of whom had never seen a redskin.

The electrical parade tonight will be one of the most spectacular amusement features during the session.

Attorneys For Indiana Shippers Contend That The Illinois Rates Are Lower Than Indiana's

### CASE TO CONTINUE FOR WEEK

Indianapolis, June 22.—Examiner Partisan of the Interstate Commerce commission came to Indianapolis today to hear arguments regarding equalization of freight rates for Indiana and Illinois shippers to northwestern points.

A. B. Cronk, freight rate expert of the public service commission, and R. M. Compstick, attorney for the state chamber of commerce, are handling the case for the Indiana shippers, who contend that the Illinois rates are lower than those from Indiana points.

Joseph W. Folk, formerly mayor of St. Louis, and former governor of Missouri, was to appear at the hearing in support of an intervening petition filed by the St. Louis Chamber of Commerce.

The hearings were expected to continue for a week.

## Girl Couldn't Stand Clothes to Touch Her

"My father got me a bottle of Mayr's Wonderful Remedy for stomach trouble and I am feeling so much better since taking it. My stomach was so painful I couldn't stand my clothes to touch me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. (Adv.)

Editor's Note.—Pietro's misconception of the word "love" is apparent to those who are familiar with tennis. The word, as applied to that game, is commonly used in keeping score, and is equivalent to "zero" or nothing.

OTHER day little girl aska me: "Pietro, you know how play tennis?" I say no can play anything only phoneograph and da pinocle. Sometime try play da poker but no make success. She say: "Well, I like teachu you how play dat game leetle bit, huh?"

When she say gonna talk me down where da court ees I say no wanta go. I been court one time and ees costa me ten bucks make too moocha hurry weeth da fiever. Anyway we go een place wot ees greata stuff for keepa da cheeken. Greata beega fence alla round weeth leetle one eend da meedle—smalla fence ees sama stuff usa for catcha da feesh.

She say "I geeva you racket, Pietro, for play weeth." I aska "wot's matter we gotta make racket for play desa game?" I say too moocha noise make me excite, so mebbe besta way ees play weethout da racket. She say, "Alla right, I am gonna serve." I say "eef she serve I dreenk eet, I tink mebbe she gonna serve somating weeth leetle keek een. I dunno."

She getta one side da fence and I getta other side. She knocka ball straighta my head and say, "Love feefteen." I say feefteen to many for love one time—no can do. She knocka one more ball and say, "Love thirty." I no say somating, but I feegure ees greata man eef love thirty all one time. Nexa ball she say, "Love forty." I dunno wot's matter dat girl. I tink eef love two, three gotta have plenty ambish, but for love forty ees too moocha job for one man.

After knocka two, three more ball my frien holler "Game!" Right back I say, "Betta your life—anybody whosa love feefteen or thirty or forty one time gotta be game. Mebbe gotta be twins or Mormon to play dat game. I dunno. Wot you tink?"

True. The more we see of golf the more we are impressed with the thought that the game is very much like life itself. Almost every dub imagines himself competent to give the other fellow advice.

## Songs and Music To Predominate In "Katcha-Koo"

Popular Songs Will be Intermingled With the Old Melodies of 1860 and the Auld Lang Syne Chorus is Expected to Make a Big Hit With The Audience, When They Appear in Costumes and Dances.

Katcha-Koo contains the kind of melodies that once heard are not forgotten. It is simply impossible to keep from whistling these songs and hard to say which will prove most popular. Some will like "When I Went to School With You" sung by Mary Jane Carr and Denning Havens, assisted by the Auld Lang Syne chorus. The girls in this chorus are Lillian Mullins, Josephine Scholl, Helen Gray, Thelma Fanning, Martha Fanning, Janet Dean, Elizabeth Pierson, Reba Beale, Jean Sparks and Marjorie Clark.

These girls are very attractive, in the old fashioned clothes of 1860. "If Things Were Only Different" sung by Misses Joan Weakley, Lavinia Compton and John K. Tompkins and Denning Havens, is a scream, and you can't afford to miss their dance.

Miss Carr and Mr. Havens will also sing "Tell Me Why You Love Me." All the chorus numbers are breezy and catchy and these are only a few of the special numbers, so it is readily seen Katcha Koo is decidedly a musical production.

## BUTLER ISSUES AN APOLOGY

Proctor Receives Message Apologizing for His Statements.

(By United Press.)

Cincinnati, Ohio, June 22.—William Cooper Proctor, who directed Major General Wood's campaign for the republican presidential nomination received a telegram of apology today from Dr. Nicholas Murray Butler, president of Columbia University, New York, for Butler's criticism of Wood's campaign methods.

Dr. Butler had issued a public statement in which he credited Wood's failure at the national convention to the fact that "big money" was backing him.

## Tribute to the Pen.

The pen, like the sword, has a dark side to its history. Not only has it created a good deal of rubbish, but it has appealed to the evil passions of the ignorant and the disloyal; it has incited anarchy, sedition and hatred. But to the pen we are indebted for all the books of the world. It has enabled poets to sing to us, fictionists to charm us, philosophers and men of science to share with us their valuable knowledge. It gives us the Bible, the immortal story of the world. It is a mighty agent "beneath the rule of men" and directly great.

### THOSE WINDOW ENVELOPES.

When'er they hand my mail to me I look it over, quick, As anxious as the dence, to see If fate has played a trick And sent me one with windowed side, The address showing through. I've always groaned when those I've spied— They tell me something's dual

It may be from the grocer man, It may be from the plumber; It may be for the lovely tan Top-coat I bought last summer. But whatsoever goods 'tis for, It makes me shudder still— Those things with that transparent door Always contain a bill.

And so I look the letters o'er With fear down in my heart, One may be from some groochy store Down in the busy mart. Such cowardice may be a sin, But I admit it still— Those envelopes with windows in Always contain a bill!

FINNIGIN FILOSOFY. Nearly everybody in th' wurld wud be honest if he thought th' other feller wasn't gittin' ready t' do 'im.

HOW IT STARTED. There was a young fellow named Riker Who, when asked of his girl, "Do you like her?" Said, "I'd give her my life!" Then his friend started strike By sneeringly saying, "You liker!"

Trying on His Patients. A western doctor, carrying a patient to a hospital in his car, managed to stall his engine on the railroad track in front of an approaching train. Both doctor and patient jumped from the car and ran away like jackrabbits. The stalled-on-the-track system may be introduced into materia medica or immateria surgica, almost any time, now.

Can It Be? Dear Offagin—Is it a fact that some of the Bulgarian officers refused to fight against Serbia and Russia because they called them the Balkin states?

FINNIGIN FILOSOFY. Minny a bonehead out av office is brighter than a smart man in th' office—t' hear th' bonehead tell ut.

Whence Came His Fear. "Why won't you go with us to the ballet?" asked his roistering companions. "Because my father always used to chastise me with orchard switches, and I've been afraid of peach limbs ever since," replied the thoughtful young man. And they wondered for days and days what he could have meant.

NOT WHITTIER'S. Of all mad words from bookkeeping men, The maddest are these: "Who's had this pen?"

First Daily Newspaper. The first daily newspaper in the world is said to have been established by a woman, Miss Elizabeth Mellette, in London, March 1702. She published and edited the Daily Courant, which she founded for the purpose of doing greater justice for women.

Too Many Missing Periods. Mary was in the hospital for some time and did not see as much of her mother as she would have liked, and bewailed the fact by saying, "Oh, mamma, I only see you at the top and bottom of these days and I don't like it a bit."

## CONVENTION WILL BE LIVELY AFFAIR

Democratic Candidates Are Now Getting Ready and Indications Point to a Busy Session.

MANY ON THEIR WAY NOW

(By United Press.)

San Francisco, Calif., June 22.—Candidate row was being put into shape today for the reception of aspirants for the democratic presidential nomination who will be on the ground directing their fight.

Attorney General A. Mitchell Palmer, Senator Robert Owen of Oklahoma, Senator Hitchcock, Nebraska, Senator Carter Glass, Virginia, and possibly Governor Cox of Ohio, are expected here.

Early indications were there will be as much doing along the row as at the republican convention in Chicago.

Palmer apparently will take the lead, staging spectacular events to attempt to crowd to his headquarters. His supporters are planning big demonstrations in his honor. Palmer backers claim more than 500 votes for him in the first ballot and predict that he will make such a strong showing that a landslide vote will develop on subsequent ballots.

McAdoo's friends are still undecided as to what course to take in placing his name before the convention. Plans for putting him in nomination have been abandoned so far as known here.

## SUPREME COUNCIL ADJOURNS TODAY

Official Statement States That Matter of German Indemnity Will be Taken up July 2

MEETS THEN IN BRUSSELS

(By United Press.)

Bologna, Italy, June 22.—The conference of the allied premiers closed following this morning's session. An official statement announced that today's session had decided the allied financial experts will meet at Paris to complete the indemnity program for presentation to the Supreme Council July 2 when it reassembles at Brussels to fix definitely the allied program for the Spa conference with German representatives.

The statement said the conference had approved the military experts approval for disarmament of Germany. Decisions will be reached at Brussels regarding the report of the French experts on the coal deliveries to France.

It was decided that the negotiation with Gregory Krassins, Soviet commissioner at London, would continue with the understanding that no political recognition would be accorded to Russia. The conference also decided that the allies would immediately appoint a joint commission to Berlin.

The Italian foreign minister consistently protested the proposed distribution of indemnities claiming that Italy should receive more than had been allotted.

## INSISTS THAT HE IS NOT A CANDIDATE

McAdoo Wires Jenkins Telling Him Not to Place His Name in Nomination Next Week

JENKINS IS STILL UNDECIDED

(By United Press.)

New York, June 22.—William F. McAdoo today sent a telegram to Dr. Burris Jenkins at Kansas City, insisting that he not be placed in nomination at the Democratic convention at San Francisco.

Announcement of the fact that McAdoo had sent the message was made at his office here when McAdoo was informed that Thomas Love, democratic national committeeman from Texas had informed Jenkins some one would place McAdoo's name before the convention.

The text of the message was not made public but it was said it was along the lines of the communication sent to Third Assistant of the Treasury Shouse last week.

Kansas City, Mo., June 22.—Dr. Burris Jenkins slated to place McAdoo name in nomination before the democratic national committee, said today that he would not make final decision on whether to proceed with his scheduled speech. "I will not determine finally on the procedure until I reach San Francisco," he said.

Jenkins, who previously had planned to disregard McAdoo's announcement withdrawing as a candidate for the presidency, made this statement after he wired here today.

## PARKHURST IS IN THE LEAD

Portland, Me., June 22.—Frederick H. Parkhurst, of Bangor, apparently was nominated for Governor by the Republicans in a four-cornered contest at the state primaries yesterday. With 122 precincts missing out of 633 in the state, the returns gave him a lead of 1,717 votes over John P. Deering of Saco. Governor Carl E. Milliken, seeking re-nomination for a third term of two years, was running third, 3,205 votes behind Deering. Louis A. Jack received only a scattering vote.

Deafness That Isolates. Deafness does not necessarily spell stupidity, although a great many people seem to think so. There are any number of clever, intelligent people of good education and broad views who through illness or accident become hard of hearing or partially deaf. Isolation is the hardest thing a partially deaf person has to contend with, and when one is denied general intercourse with others one is apt to grow self-centered and self-reliant.

## Girl Couldn't Stand Clothes to Touch Her

"My father got me a bottle of May's Wonderful Remedy for stomach trouble and I am feeling so much better since taking it. My stomach was so painful I couldn't stand my clothes to touch me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. (Adv.)

Editor's Note.—Pietro's misconception of the word "love" is apparent to those who are familiar with tennis. The word, as applied to that game, is commonly used in keeping score, and is equivalent to "zero" or nothing.

OTHER day leetle girl aska me: "Pietro, you know how play tennis?" I say no can play sayting only phoneograph and da pinochle. Sonatime try play da poker but no make success. She say: "Well, I lika teachu you how play dat game leetle bit, huh?"

When she say gonna taka me down where da court ees I say no wanta go. I been court one time and ees costa me ten bucks maka too moocha hurry aveeth da fever. Anyway we go een place wot ees greata stuff for keepa da cheeken. Greata beega fence alla round weth leetle one eend da meedle—smalla fence ees sama stuff usa for catcha da fesh.

She say "I geeva you racket, Pietro, for play weeth." I aska "wot's matter we gotta maka racket for play desa game?" I say eef she serve I drekn eet, I tink mebbe she gonna serve somatng weeth leetle keek een. I dunno.

She getta one side da fence and I getta other side. She knocka ball straightu my head and say, "Love feef-ateen." I say feefteen to many for love one time—no can do. She knocka one more ball and say, "Love thirty." I no say somatng, but I feegure ees greata man eef love thirty all one time. Nexa ball she say, "Love forty." I dunno wot's matter dat girl. True. The more we see of golf the more we are impressed with the thought that the game is very much like life itself. Almost every dub imagines himself competent to give the other fellow advice.

## Songs and Music To Predominate In "Katcha-Koo"

Popular Songs Will be Intermingled With the Old Melodies of 1860 and the Auld Lang Syne Chorus is Expected to Make a Big Hit With The Audience, When They Appear in Costumes and Dances.

Katcha-Koo contains the kind of melodies that once heard are not forgotten. It is simply impossible to keep from whistling these songs and hard to say which will prove most popular. Some will like "When I Went to School With You" sung by Mary Jane Carr and Denning Havens, assisted by the Auld Lang Syne chorus. The girls in this chorus are Lillian Mullins, Josephine Scholl, Helen Gray, Thelma Fanning, Martha Fanning, Janet Dean, Elizabeth Pierson, Reba Beale, Jean Sparks and Marjorie Clark.

These girls are very attractive in the old fashioned clothes of 1860. "If Things Were Only Different" sung by Misses Joan Wankley, Lavinia Compton and John K. Tompkins and Denning Havens, is a scream, and you can't afford to miss their dance. Miss Carr and Mr. Havens will also sing "Tell Me Why You Love Me." All the chorus numbers are breezy and catchy and these are only a few of the special numbers, so it is readily seen Katcha Koo is decidedly a musical production.

## BUTLER ISSUES AN APOLOGY

Proctor Receives Message Apologizing for His Statements.

(By United Press.) Cincinnati, Ohio, June 22.—William Cooper Proctor, who directed Major General Wood's campaign for the republican presidential nomination received a telegram of apology today from Dr. Nicholas Murray Butler, president of Columbia University, New York, for Butler's criticism of Wood's campaign methods.

Dr. Butler had issued a public statement in which he credited Wood's failure at the national convention to the fact that "big money" was backing him.

Tribute to the Pen. The pen, like the sword, has a dark side to its history. Not only has it created a good deal of rubbish, but it has appealed to the evil passions of the ignorant and the disloyal; it has incited anarchy, sedition and hatred. But to the pen we are indebted for all the books of the world. It has enabled poets to sing to us, historians to charm us, philosophers and men of science to share with us their valuable knowledge. It gives us the Bible, the inspired civilization. It is a mighty agent. Beneath the rule of men, it is truly great.

Both doctor and patient jumped from the car and ran away like jackrabbits. The stalled-on-the-track system may be introduced into materia medica or immateria surgica, almost any time, now.

Whence Came His Fear. "Why won't you go with us to the ballet?" asked his roistering companions. "Because my father always used to chastise me with orchard switches, and I've been afraid of peach limbs ever since," replied the thoughtful young man. And they wondered for days and days what he could have meant.

## CONVENTION WILL BE LIVELY AFFAIR

Democratic Candidates Are Now Getting Ready and Indications Point to a Busy Session.

MANY ON THEIR WAY NOW

(By United Press.)

San Francisco, Calif., June 22.—Candidate row was being put into shape today for the reception of aspirants for the democratic presidential nomination who will be on the ground directing their fight.

Attorney General A. Mitchell Palmer, Senator Robert Owen of Oklahoma, Senator Hatchcock, Nebraska, Senator Carter Glass, Virginia, and possibly Governor Cox of Ohio, are expected here.

Early indications were there will be as much doing along the row as at the republican convention in Chicago.

Palmer apparently will take the lead, staging spectacular events to attempt to crowd to his headquarters. His supporters are planning big demonstrations in his honor. Palmer backers claim more than 500 votes for him in the first ballot and predict that he will make such a strong showing that a landslide vote will develop on subsequent ballots.

McAdoo's friends are still undecided as to what course to take in placing his name before the convention. Plans for putting him in nomination have been abandoned so far as known here.

## SUPREME COUNCIL ADJOURNS TODAY

Official Statement States That Matter of German Indemnity Will be Taken up July 2

MEETS THEN IN BRUSSELS

(By United Press.)

Bologna, Italy, June 22.—The conference of the allied premiers closed following this morning's session. An official statement announced that today's session had decided the allied financial experts will meet at Paris to complete the indemnity program for presentation to the Supreme Council July 2 when it reassembles at Brussels to fix definitely the allied program for the Spa conference with German representatives.

The statement said the conference had approved the military experts approval for disarmament of Germany. Decisions will be reached at Brussels regarding the report of the French experts on the coal deliveries to France.

It was decided that the negotiation with Gregory Krassins, Soviet commissioner at London, would continue with the understanding that no political recognition would be accorded to Russia. The conference also decided that the allied would immediately appoint a commission to Berlin.

The Italian foreign minister vigorously protested the proposed distribution of indemnities, claiming that Italy should receive more than had been allotted.

## INSISTS THAT HE IS NOT A CANDIDATE

McAdoo Wires Jenkins Telling Him Not to Place His Name in Nomination Next Week

JENKINS IS STILL UNDECIDED

(By United Press.)

New York, June 22.—William G. McAdoo today sent a telegram to Dr. Burris Jenkins at Kansas City, insisting that he not be placed in nomination at the Democratic convention at San Francisco.

Announcement of the fact that McAdoo had sent the message was made at his office here when McAdoo was informed that Thomas Love, democratic national committeeman from Texas had informed Jenkins some one would place McAdoo's name before the convention.

The text of the message was not made public but it was said it was along the lines of the communication sent to Third Assistant of the Treasury Shouse last week.

Kansas City, Mo., June 22.—Dr. Burris Jenkins slated to place McAdoo name in nomination before the democratic national committee, said today that he would not make final decision on whether to proceed with his scheduled speech. "I will not determine finally on the procedure until I reach San Francisco," he said.

Jenkins, who previously had planned to disregard McAdoo's announcement withdrawing as a candidate for the presidency, made this statement after he wired here today.

## PARKHURST IS IN THE LEAD

Portland, Me., June 22.—Frederick H. Parkhurst, of Bangor, apparently was nominated for Governor by the Republicans in a four-cornered contest at the state primaries yesterday. With 122 precincts missing out of 633 in the state, the returns gave him a lead of 1,717 votes over John P. Deering of Saco. Governor Carl E. Milliken, seeking renomination for a third term of two years, was running third, 3,205 votes behind Deering. Louis A. Jack received only a scattering vote.

Deafness That Isolates. Deafness does not necessarily spell stupidity, although a great many people seem to think so. There are any number of clever, intelligent people of good education and broad views who through illness or accident become hard of hearing or partially deaf. Isolation is the hardest thing a partially deaf person has to contend with and when one is isolated general intelligence with others is apt to grow dull and self-centered.

## WHY MR. FOX MOVED

MR. FOX had a great many neighbors and he was anxious to be friendly with them all. He was shy and clever, like all his family; but this time he overdid the matter, as you will see.

Mrs. Squirrel had a new family of little squirrels, and as soon as Mr. Fox heard this, over he went to call on her.

"Oh, what handsome babies!" exclaimed Mr. Fox when he saw the new squirrels. "Your children are the handsomest in the woods," Mrs. Squirrel. "You may be sure of that," he told her.

Now, it happened that on his way home he was called in to Mrs. Rabbit's house to see her new babies, and Mr. Fox told her that her children were by far the prettiest he ever had seen, "the very prettiest in the woods," Mrs. Rabbit!" he told her.

The next day Mr. Fox heard that some new little possums had been brought to Mrs. Possum by the stork.

So over ran Mr. Fox to call, "for," said he, "the best way to keep on good terms with my neighbors is to praise the children to their mothers."

He told Mrs. Possum that her children were the prettiest in the woods, and when Mrs. Coon sent for him to

# Who's Who

By GEORGE MATTHEW ADAMS

THERE is one thing that you possess, Oh Human Being—you who read this little talk—with which the arbitrary selection ability of Blue Books, and close corporation Club Committees has nothing in common. It is your personal power of Character secret.

Most of the people we think we know, we don't.

So that our judgment runs cross-grained. And often our little people are in reality the world's big people and our big people are the world's little people.

It is the big, silent element, which, when fully realized inside a man's soul, gives dignity and calm and makes him fit and clean and great—conquering in the face of danger, calamity and duty.

Who's Who? Why! You are.

And the name of the man who cuts your clothes as well as the name of the woman who washes them, may be there. And there will be a glory thrill for the patient and plodding, the shrunken and uncomplainers, as they see their names in simple Gothic bold.

Who's Who? YOU! Most certainly YOU, who in the consciousness live and express the best that is in you—openly and unafraid—and glad of the realization of your secret power the chance.

GOOD CHEER BEAUTY

A CHEERFUL mind helps digestion and helps in the acquiring of beauty. A sour-looking face is never lovely, the expression of bad will destroys even the prettiest of features.
